Fig. 3

Western blot of proteins expressed from lysogenic bacteria of phage clone ABC48 with monoclonal antibody BC11D recognizing *Babesia caballi* merozoite 48kDa

- a: Solubilized merozoite antigen of *Babesia caballi*
- b: Expressed protein BC48 (purified from expressed GST fusion protein after cleavage of GST)
- c: *E. coli* (BL21 strain)
- M: Marker
